Dear Judge Janet Neff:

Re: Case no. 1:12-cv-910.

Since filing this complaint I have additional information to support my claim with an employee at the Kent County Jail who will testify to the validity of my complaint. I would like to submit this information if there seems to be any question as to my complaint's merit.

The medical service at the jail has altered my medical file to negate my claim, but I can support my claim through another means within the jail's records.

Before this case is dismissed based on a Martinez report I would respectfully request that I be allowed to submit additional printed and notarized reports from the jail in support of my claim short of taking the case to trial.

Respectfully

Brad Sleightes
